**An enquiring mind studies in honor of Alexander Marshack**

October 4th, 2018 - Alexander Marshack single handedly revolutionized the  
field of Paleolithic art research His astounding photographs of portable  
art objects caused us to see them with fresh eyes to ask new questions and  
to understand their technology and production far more precisely and his  
pioneering use of infrared and ultraviolet light in the caves revealed  
startling new facts about the paintings
